# The greatest annual digital-festival will be held at VDNH

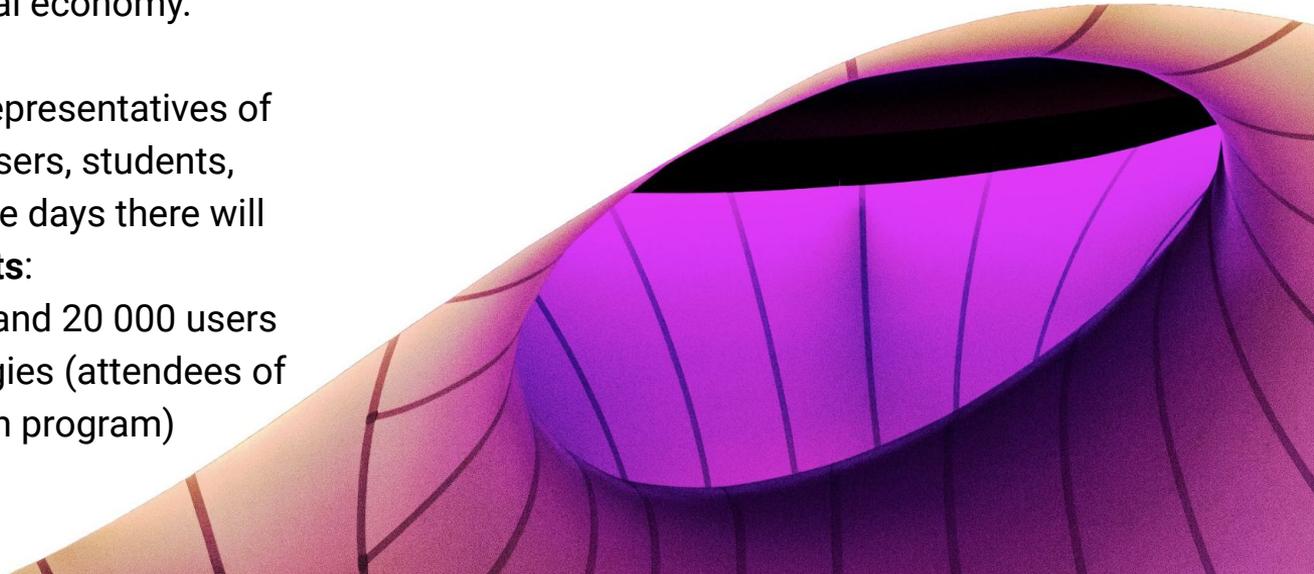

RIW is an event which dates back to 2007 still assembling key figures of main powerful spheres of life: IT-branch, state, start-ups and global business. This year RIW will take place at VDNH (Pavilion №75)

**RIW and Internet EXPO** are extremely crucial annual events of 5 key industries simultaneously: Internet, Media, Telekom, Soft including import substitution and IT.

Customarily the state officials and representatives of the specialized government bodies are permanent attendees of RIW who are responsible for the development of the Digital economy.

The main invitees are also the representatives of IT-branch and related spheres, users, students, media. It is expected that in three days there will be more than **25 000 participants**: about 5000 internet-specialists and 20 000 users of digital services and technologies (attendees of the exhibition and open events in program)

# Moscow, Legendary Park **VDNH – pavilion #75**

Exhibition of Achievements of National Economy.  
The exhibition was established February 17, 1935  
(USSR) as the All-Union Agricultural Exhibition.
