Case information

No:
cf-5215-74
Status:
Operate

At the bottom of the page is a form to fill in your data, which will be subject to verification by the system.

Carefully enter all data and profiles in social networks so that the system can correctly estimate the size of the damage caused to you.

Attention! It is strictly forbidden to check accounts that do not belong to you in social networks. These actions will be regarded as abuse and are considered a crime!

The report was prepared specifically for **fgfhgh fghfgh (ID: 3480324)** automatically and verified by the executive officer **Jamie Raskin**.

The audit showed that most of **your data repeatedly appeared in information leaks**. The largest percentage of data was transferred to third parties **between October and December 2018**. The main content of the data transfer was photo and video materials. The greatest damage is estimated from the **transfer of your contact information to numerous advertising companies**.

Below you can find a detailed scan report. **The amount of payment is final**.
